Professional Experience

EPAM Systems / Empathy Lab | Conshohocken, PA
2010 - Present (www.epam.com/empathylab)
Senior Front End Web Developer

HTML | CSS | JS | NPM | Grunt | Gulp | Git | UX | RWD | Accessibility

Collaborated with coworkers across disciplines to produce web applications for many clients including: *NBC Universal, Liberty Global, Edmunds, Vertical Screen, Tessco, TJ Maxx, DirecTV,* and *The American Red Cross.* Provided solutions to user experience and interface design departments. Rapidly built prototypes for sales pitches and for client presentations. Provided solutions for accessibility and multi-lingual issues in designs. Assisted in the development of a Responsive Web Design collaboration workflow across departments. Lead and participated in technical book discussion groups. Mentored and assisted other developers to assist in career, personal, and technical growth.
